Date of birth 29 February 1956

Gender Male

Work experience

Dates June 2008 - present

Occupation or position held Researcher Worker and Head of the Documentation and Information in Institute of Plant Genetic Resources (Agriculture University of Tirana).
Expert in collecting missions of industrials and fruit crops and organized by genebank.
Documentation and Information Working Group Member in ECPGR.
National Focal Point for the Albania National Inventory in EURISCO catalogue.
2011- present: National Focal Point for the Albania in Situ National Inventory in ECPGR.
2013- present: National Focal Point for the Albania in ITPGRFA.
Lecturer of Genetics, Plant Plant Breedings (Bachelor) and Scientific Experimentation (Master).

Main activities and responsibilities Research on Plant Genetic Resources, Documentation and Information of Plant genetic Resources, Expert and member of collecting missions of industrials and fruit crops and organized by genebank. Uploading National Work History/and Professional activities) Inventory data in EURISCO, ECPGR (in situ) and coordination of ITPGRFA activities in Plant Genetic Resources Centre (Agriculture University of Tirana).
Teaching Genetics and Plant Breedings in the first level diploma (bachelor) and teaching Scientific Experimentation in the second level diploma (master) and and third level diploma (PhD) in Faculty of Agriculture and Environment /AUT

Name and address of employer Agricultural University of Tirana

Type of business or sector Public Academic Sector

Dates November 1997- August 2003

Chief of Scientific Section in Tobacco Institute of Cerrik - Elbasan (Albania)
Researcher Worker in Tobacco Station / Tobacco Institute of Cerrik - Elbasan (Albania).
Organization and managing of tobacco breeding programs and field experimentation studies on tobacco varieties, and elite tobacco seed production.

Name and address of employer Ministry of Agriculture and Food, Tirana, Albania.

Type of business or sector Research Sector.

Dates June 1992- November 1997

Occupation or position held Director of Tobacco Institute of Cerrik - Elbasan (Albania).

Main activities and Organization and managing of tobacco breeding programs and Tobacco Institute activities.

Responsibilities	Scientific researches on Oriental tobacco plant and the tobacco elite seed components.

Complementary Professional Training

2017. GRIN-Global Workshop 2017 for European genebanks, 29-31 August 2017, Prague, Czech Republic.

2017. EURISCO Training Workshop 2017, National Focal Points Regional Training Workshop for Central Europe, 12–14 September 2017, Gatersleben, Germany.

2017. REPORTING ON THE STATE OF PLANT GENETIC RESOURCES, 29 November - 1 December 2017, FAO Headquarters, Rome, Italy.

2014: Basic Security In The Field II (BSITF II), 28 November, 2014 (Certificate of Achievement).

2014: Advanced Security In The Field (ASITF) 29 November, 2014 (Certificate of Achievement).

2014 (20-22 May): Training qualification on the “Tailoring the Documentation of Plant Genetic Resources in Europe to the Needs of the User” Prague, Czech Republic.

2014 (14-17 October) “Conservation and Management of Endangered Locally Adapted Crop Varieties” FAO TCP.ALB.3401 Project.

2014. Conservation and management of endangered locally adapted crop varieties, TCP/ALB/3401. Agro-ecological data and GIS tools to improve PGRFA conservation and use in Albania. National Workshop, Hotel Mondial, 20-21 November 2014, Tirana, Albania.

2011 (24th Oct. - 4thNov): Training qualification on “Documentation, management and administration of genebank data: a training evaluation of the gene bank documentation system GRIN-Global”, Alnarp, Sweden.

2011(7-9 Sept.): Training qualification on “*Conservation strategies for European crop wild relative and landrace diversity*” Palanga, Lithuania.

2009 (29-30 June): Training qualification on “ECPGR Documentation and Information on ex situ National Inventories On ex situ Plant Genetic Resources” Prague, Czech Republic.

2009 (20-29 May, 2009): Training qualification on “Inventory and Collection of PGRFA in Albania” Vlore, Albania.

2009. (20-23 February): Gene Bank Management. Arranged by The Nordic Genetic Resource Center (NordGen), 23rd-25th of FEBRUARY 2009.

2009: Training qualification on “Documentation, management and administration of genebank data according to EURISCO catalogue and SESTO System (Vora, Tirana, Albania).

1996: Training qualification on *Researcher & Development in Agriculture*, MAF, Tirana.

1995: Training qualification on “*Training for Income Generation in Productive Rural Activities*”, Turin, ITALY.

1990-1991: Post University Specialization on *Tobacco Genetic Resources*; Perugia, ITALY.

1982-1983: Post University Specialization on *Intensive Forage Crop Production*; Agricultural University of Tirana.

Member of Scientific Committee, Professional Bodies and Conferences

Member of Scientific Committee: HAICTA 2015

2008-2018: Documentation and Information Working Group Member in ECPGR.

2008-2018: National Focal Point for the Albania National Inventory in EURISCO catalogue.

2011-18: National Focal Point for the Albania in Situ National Inventory in ECPGR.

2013-18: National Focal Point for the Albania in ITPGRFA.

2016: Organizer Member of National Conference: “*Capacity building of Fushë Arrëz community for protection of rare, endemic agricultural and wild fruit/nut plants*”. EcoNord R1-32.

2011: Organizer of Regional SEEDNet Meeting: the sixth meeting of the SEEDNet Working Group for Industrial crops the 2 to 13 October 2011, in Tirana, Albania.

2009-2016: Përgjegjës për Grupin Mësimor-Kërkimor për Dokumentimin dhe Informatizimin e resurseve gjenetike/ Head of Educational and Research Group for Documentation and Information of genetic resources.

Projects and monitoring experience

2015-2018: Expert of collecting missions of Project: FAO/LoA/TF/W2A-PR-1/ALBANIA /2015/AGDT. Strengthening On-Farm Conservation and Utilization of Plant Genetic Resources to Support Farmer's Adaption to Climate Change and Improved Livelihoods in Albania.

2017-2018. Academic innovation, expert in agriculture farming systems in the Project: Metropolitan Agriculture for Developing an innovative, sustainable and Responsible Economy (MADRE), IMED15_1.1_M3_138 Interreg Mediterranean.

2015-2016: Expert of collecting missions of Project: Capacity building of Fushë Arrëz community for protection of rare, local, and agricultural plants.

2014-2015: National Consultant Information Manager) For the Country Report on the state of PGRFA in Albania in the Project: (TCP/ALB/3401).

2013-2015: Expert of collecting missions of Project: TCP/ALB/3401. *Conservation and management of endangered locally adapted crop varieties*.

2013-15: Researcher on the olive project: *The Adriatic Olive -Grove* (AOGRPSL) 245.

2008 – 2010: Head of Working Group for Industrials crops of SEEDNet Project.

2008 – 2010: Manager of Project “*Exploring, collecting and characterizing of industrial crops from SEEDNet area*”

2008 – 2010: Manager of Project ”Regeneration of industrial plants accessions in SEEDNet programme”

2003-2006: Manager of Project “Exploring, collecting, evaluation, regeneration and conservation of plant genetic resources of field crops (landraces) in Albania” (Ministry of Agriculture and Food Project).

2003-2006: Manager of Project: ”Pre-base and base seed production for industrial crops” in Albania. (Ministry of Agriculture and Food Project).

2003-2005: Manager of Project “ Characterization, evaluation, regeneration and conservation of germplasm accessions of field crops” in Albania. (Ministry of Agriculture and Food Project).

2000-2002: Researcher in the Project: “Collecting, studying and documentation of Plant genetic resources and regeneration, multiplication and conservation of cereals, vegetables, forages, and industrial crops and fruit trees”. (Ministry of Agriculture and Food Project).

1999-2001: Researcher in the “Biotechnology and Biologic Diversity” Project “ Regeneration, multiplication and evaluation of tobacco plant genetic resources,

1994-2000: Manager of Project “Genetic and Agro-technological Improvement of tobacco” in Albania.

1998-1999: Manager of Project “Influence of tobacco leaf harvesting time on tobacco quality”

1994-1996: Manager of Project “ Exploring, collecting, evaluation and characterization of oriental tobacco genetic resources (samsun, basma and semi-oriental subtypes)” in Albania. (Committee of Science and Technology Project).

1991-1995: Researcher in the Project: “ Tobacco breeding and creation of new tobacco varieties with high yielding, quality and resistance against blue-mould”.
