A. FORMATION

Agronomy science
Arboriculture
Macro-micropropagation science

Name and address of work

Agricultural University of Tirana
Genetic Bank
1020 Tirana- Albania
first researcher on olive & Lecturer: Genetic Improvement

**B. Research Sektor
Qualification**

1987: Long term qualification.(two cycle)
CNR, Firenze-Italia; Istituto sulla Propagazione delle Specie
Legnose.Scandici (Macro-micropropagation)

**Training
1986**

-INIA, Cordoba- Spain FAO, Mechanism of
the olive harvest, (1 month, December 1986).

1995

-USA (Marylen) Fruit species and wood
breeding (1 month).

2001

- USA California, Davis University (three weeks). The quality of
the olive oil

2001

-Course- Pennsylvania University: Statistic
Analysis of scientific researches.

C. Conference

1991

1991- FAO, Bornova, Turqi/ European research network on olive
FAO-Perugia, Italy : European research network on olive

1993

- 1993 FAO, Perugia, Italy/ European research network on olive
- 1996 FAO- International Conference on plant Resources : Leipzig Germany.
Official Representative of Albania
- 1995 **Conference** : Kozenca Italy; Mediterranean Oliviculture.
Ministry of Agriculture - Italy
- 1995 **International Conference** on plant Resources on olive
Firenze-Italy
- 2004 **International Conference** : -"Characterization of the olive germoplazma,
Hotel Mondial, Tirana Albania (Italy-Albani)
- 2004 International Conference "Fruit and Olive: Prospects for Albania." Tirana,
July 16, 2004
- 2006 International Conference: The quality and safety of
olive oil production. Italy-Albani.
- 2008 **International Conference** "Multyfunctionality of Olive Trees
in Albania." Tirana (Albania), 01 October, 2008
- 2005-2009 **Participation** in eight international conferences (INPIM,
World Bank) Irrigation, Drainage and Dams.
WRMP. Project management of water resources
- 1982-2014 **Participation and presentations at 47 international and
national conferences.**

D. Bilateral Projects

1. **2006-2009 ; Italy-Albani.** Project : The quality and safety of olive oil production. MASH
Coordinator ; Hairi Ismaili & Antonio Cimato
2. **2010-2011 ; Sloveni-Albani :** Project-Identification of autochthonous olive cultivars with molecular marker.
Coordinator : Hairi Ismaili & Branka Javornik.
3. **1987-1990 : Italy-Albany-project FAO :** Ability study of rhizogjene olive varieties in Albania.
Coordinator : Piero Fiorino & Hairi Ismaili.
4. **1994-97:** Genetic improvement of olive for multiplication of plant material certified, IAM Bari-IPV Vlore

Work experience

1978/1981. Agronomist of the Sector at the Fruit Nursery-Garden, Statal Agricultural Enterprise in Tropoje.
Head Agronomist, Agricultural Enterprise in Tropoje
Main results:
Study of restraining factors of production to plantations of the apples and plums:

- 1981** For the results of the implementation of the study: I decorated by the Presidium of the National Assembly: “For distinguished activity” Order class III.
- 1982-1983** Scientific researcher at the Researches Institute of Olive, Vlore- Albanie
- 1984-1989** Head of research Sector at the national institute on olive, Vlora- Albanie.
- 1987** Qualification in Institute of multiplication of species trees, Firenze for Macro-micro-propagation and breeding of olive, citrus and fruit trees species.
- 1988** Projection, Construction and Mangement of Greenhouse of olive with mist-propagation method. Project of FAO.
- 1987-1991** Researches about the olive breeding with green cuttings and nebulization. (PhD)
- 1992-1998** Director of the Research National Institut of Arboriculture.
The main results:
- 1992** Project organization for 20-years (1992-2012), Development Strategy of Institut, Approved by the Ministry of Agriculture. Official Representative, International Conference (FAO) on the Genetic resources. Leipzig- Germany.
- 1996** The Projection of the production of certified vegetal material in Arboriculture (IP-V and IAM- Bari), financed from the Italian Government.
- 1994** CRSP Project IP-Vlore with Davis University of California and Virginia tech, for the Organic Production in oil olive groves.
- 1992-1998** 1992-98: Seven research Projects of the Government on olive and citrus.
33 scientifics experiments for olive.
National project for the development of Vineyards in Albania
International Conference : « Reality and prospects of Arboriculture in Albania ». 12 mars 1996
Edition of the Bulletin- « **Arboriculture** »
- 1996** (Threemenstrialy), organ of the National Institut of Arboriculture in Vlora of Albania.
- 1995**
- 1998-2001** Scientific Research for the Breeding (Institut National of Arboriculture, Vlora Albanie).
- 2002-2004** Chief of the Research Arboriculture Station of Tirana

- 2005-2010** Director of Project of World Bank in Albania for the Management of Water Resources. **The main results:**
 The Reahabilitation of Irrigation schemes. (50.000 hectares)
 The rehabilitation of Land Drainage schemes. (40.000 hectares)
 Protection from flood and flooding (26.000 hectares).
 Design and Rehabilitation for 30 Reservoir of the Agricultural System.
 Study and valuation of the security of the system of 623 dams of agriculture.
 Rehabilitation of six Pumping Stations.
 Study of feasibility of the irrigation in Albania and the environment in Agricultural Production in Albania.
 The amendment of the law of the irrigation and institutional restructuring of the irrigation service.
- 2011** Researcher/Lecturer at the Agricultural University of Tirana. Gene Bank.
- 2011-2014** Design and implementation of field collection olive in Tirana, *consisting of authoctonous Albanian Germoplasma.*—ex sity- UBT - period (2011-2014).
- 2011- 2013** *Morphological and molecular characterization of the Albanian olive genotypes. UBT 2011,2012,2013*
- 2011-2014** *Inventory, further collection and preservation of indigenous olive germoplasma-(UBT, 2011, 2012,2013,1014)*
- 2011-2014** *Clonal selection of olive. ”Evaluation and use of olive genetic resources ”.*
- 2013** *Characterization of old trees, centuries, of the olive in the territory of the country. UBT, Gene Bank. 2011,2012,2013.*
- 2001** **2001: In honor of the Albanian-American bilateral Project Cooperation, “the quality of olive oil” I am decorated from the Municipality Davis “Honorary Citizen of the City of Davis”**

General Publications

183 tituj in the period 1980-2014, I have published 83 scietific articles in periodic of the country, 53 scientific articles in foreign periodic, 4 books, 3 monographs, 8 brochures. I have taken part at 18 international conferences and 21 national conferences. These include national and international scientific journals, ISBN and ISSN code. Congress acts, national and international symposia, brochures, books, monographs, chapters in books, seminars, research projects, reports and articles about divulgate.

Leadership DPh

leadership for two DOCTORAL STUDIES in the field of olive trees

Leadership Master

Leadership for 13 Master Studies in the field of olive trees
